How do I cancel my flight?

Sergey Shevchenko - 2018-12-28 - in [CANCELLATIONS](#)

Since most affordable airline tickets are also the most restrictive ones, very tight conditions may apply in the case of cancellations (i.e. some airlines may accept a partial refund if the flight is canceled prior to the departure date, but not once the flight date has passed). In other cases, fares are so restrictive that it may not be possible to get a refund on unused tickets, or a penalty could be applied by the carrier.

If your ticket is refundable, we will handle your voluntary cancellation free of charge if you booked a Gold or Standard Protection Plan. Otherwise, Militaryfares will charge \$55 administration fee per ticket.
